

What's up with Abler's now?

## In Malaybalay, Philippines!

---

### New Batch

The **Summer** here is over and we just discharged the Girls to their relatives who are willing to have them. Like, Insie and Amy they are now adopted by a friend and we miss them a lot and the rest of the Girls. Soon we will have new Girls in the Center and we are looking forward to having the new batch and also new students.

[God is Great!](#)

### Andrew

We celebrated the 6th Birthday of Andrew in the beach and he was happy and enjoy his celebration since he loves to swim.

This school year he will be in children's school 2 and he's excited to be back to school this month. He has changed a lot this time and gained more weight and he love's to eat.

June—July 2008

### Conference

We just had our conference last April 30 to May 3, it was great and refreshing meeting those old friends YWAMer's.

It seems we realized that we are getting old specially when we met those kids before and now they are adult then we are teased with "Old with a mission".

---

### Third Story Headline

We thank God for his faithfulness in supporting us in prayers and finances, It 's a great joy for us to have you all as our friends. So God bless.

Please pray:

- Good health.
- Protection for all of us here.
- For our provision and needs as we work here.
- Wisdom in running the ministry.
- We will be teaching in the DTS in Cebu, wisdom and understanding to the students.

[Thank you.](#)

---

You heard about the storms in the Philippines. We had heavy rains and had to drive through the fields to get to town as the raod was knee deep with water. Our crops and house are ok. Praise the Lord!
