

Abler's Updates

YWAM-Nehemiah House, Malaybalay Philippines

August-September 2009

Dear Friends,

Praise to Jesus! As I look back to my past as a Christian, it seems full of persecution, discouragement and struggles.. but through that experience we reached this far. On the other side we are enjoying God's blessings.

...we are doing fine and looking forward for our coming to Germany this summer and at the same time preparing for the said trips.

Andrew is back to school and he is in Grade one now. This time he loves his school very much and he doesn't want to miss one day that even weekends he's always asking if he can go to school.

He is also doing far more better than last year for he cares so much for his grades now than before.

"Yvonne Beigel" from Germany was with us and she helped us with the Bible Study, God's special time and tutorial study with our Girls. Brenda Bosch from South Africa, she was a few months with us and helped me with my grief through the loss of my sister and processing with the staff and even blessed us so much in the center. Thank you for your generosity and we were so blessed from your time with us.

David from New Tribe Mission came to help us in building our Stockroom. Thank you David!!!

We have 3 Girls left in our center as some were discharged and some are in Cagayan, for we can't accommodate the high school in our center for it's too far for them, plus it's not safe. At the same time its quiet and relaxing for us to have few Girls for a while but sometime this month we will have more.

With the Farm, we just had a seminar from a friend in Luzon "Kuya Dennis" he taught a lot about organic farming and gave us a lot of good ideas in managing our farm.

Abler's Updates

We are thankful to God that He gave us open doors connecting us to a Church and people working in the University to cater and help us with our Girls for college in having a scholarship.

May God richly bless you all and see you soon.

Your's,

AndyAnaAndrew

Thank you for your prayer's and support's.. God has faithfully provided our flight ticket.

Please let us know your prayer request so that we can pray for you specifically.
